

Calendar

How far away should children stay from a heating source, such as a space heater or fireplace in use?

- a) 3 feet
- b) 1 foot
- c) 2 inches
- d) 2 feet

Safety Tips

KIDS: Always let an adult operate a space heater or fireplace. Keep a safe distance to avoid burns or fires.

PARENTS: Remind your kids about the dangers of fire and space heaters and always demonstrate safe techniques by turning off heaters when you leave the room. Keep safety screens in place for fireplaces.

JANUARY

Sunday Monday Tuesday Wednesday Thursday Friday Saturday

- a) With the pots on the back burner
- b) Only on low heat
- c) With the handles turned away from the edge
- d) A and C

Safety Tips

KIDS: Never cook without an adult.

PARENTS: Talk to your kids about the importance of kitchen safety. Be a safe-cooking role model.

Saturday

A blank sheet of white graph paper with a light gray grid. The grid consists of 10 columns and 6 rows of squares. A thick black border runs along the top edge of the page.

- KIDS:** Never play with matches or lighters. They are very dangerous and could start a fire or burn you.

PARENTS: Keep matches and lighters in a locked box out of reach of children.

[illegible]

The batteries in your smoke alarm should be changed once a year.

KIDS: Smoke alarms can only work if they have working batteries in them. Remind your parents to change the batteries in all the smoke alarms in your house. Test smoke alarms at least once a month using the test button.

PARENTS: Keep a supply of batteries on hand so you can change smoke alarm batteries when they indicate they need a new battery. Make it a family event so you teach your kids so you teach your kids the importance of fire safety.

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
--------	--------	---------	-----------	----------	--------	----------

A full-page view of a blank sheet of graph paper. The page features a uniform grid of small squares formed by thin black lines. There are 20 columns and 12 rows of squares. A thicker vertical line runs down the left side of the page, creating a margin. The paper has a light cream or off-white background.

Answer: TRUE—Smoke alarm batteries should be changed once a year.

A: _____

PARENTS: If someone in your home is burned: cool the area with running water for at least 3 to 5 minutes to prevent further damage to the area. The skin will continue to burn if cool water isn't applied. Cover with a clean, dry cloth. Never use butter, ointment or grease because that will cause MORE damage.

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
--------	--------	---------	-----------	----------	--------	----------

[illegible]

Answer: Put cool running water on the burn for at least 3-5 minutes.

Answer is: An object or thing that doesn't move, like a tree or street light. A family car wouldn't be a good idea because a car might not always be in the same place.

What should you do if fire gets on your clothes?

- a) Run as fast as you can to put out the fire
- b) Stop, Drop, and Roll until the fire is out
- c) Stand Still

Safety Tips

KIDS: Try to stay calm if fire gets on your clothes. Stop, Drop, cover your face with your hands, and keep Rolling until all the flames are out and then get help from an adult.

PARENTS: Practice what to do with your kids if fire gets on their clothes. It will help you stay calm too!
